BUY A LIBERTY BOND

VOL. 36, NO. 19

RHINELANDER, WISCONSIN, THURSDAY, APRIL 11, 1918.

TERMS—\$1.50 IN ADVANCE

### C. & N. W. AIDS SALE OF BONDS

With more complete organization and more liberal terms of payment offered employees the Chicago & Northwestern Railway is giving more assistance in promoting the third Liberty loan than any previous one, states the Antigo Journal. In addition to the general committees for each division consisting of the division superintendent who is chairman, master mechanic, division engineer and traveling agent. The committee to be formed on each division will ask the division chairmen of the various Brotherhoods to assist them and will appoint captains in the various departments to insure that every agent track foreman, bridge and building employee, signal department employee and other employees are given an opportunity to subscribe to the loan.

Subscriptions received will be equitably apportioned among the Federal Reserve districts by the Liberty Loan committee, so that any employee making a subscription will be accredited to his home district. Employees may have payments for liberty loan bonds deducted from their salary checks over a period of ten months instead of seven months as previously.

### YES, HE EVEN NABS A JUDGE

Chief of Police Maurice Straub is no respecter of person when it comes to enforcing law and order. Today he arrested a judge from the northern part of the state who had imbibed too freely of disturbance water. The gentleman of the bench was given a cell in the city hall jail.

The judge comes from a dry town and it has probably been such a long time since he leaned over the mahogany that he over estimated his capacity.

### WILL DRAFT 18 MEN FROM COUNTY

Oneida county will furnish 18 men for the next draft, according to a despatch from Madison. From all Wisconsin 3,736 men will be sent to training camps during the last five days of this month.

Of these men 1,250 will go to Camp Custer and 2,477 men will go to Camp Grant. Oneida county's quota will probably go to Camp Grant.

Rhineland Grange will meet with Mr. and Mrs. E. K. Riek on Eastern Avenue Friday night.

### THREE SHOTS TO GERMANS' ONE

The following item from an Augusta, Iowa, newspaper was sent to Chief of Police Maurice Straub by J. B. Rotnour:

"Mr. J. B. Rotnour, the genial manager of the Flora DeVoss Co., writing from Rhinelander to friends in the city says everybody there is anxiously waiting for the big drive on the Western Front when there will be something doing, good and plenty. He says one of the Rhinelander boys who is with the U. S. boys in the trenches says our boys can shoot three times to the Germans' once. We hope the Rhinelanders are not mistaken and that the shooting may soon bring the present mighty unpleasant and undesirable state of affairs to an end. The Flora DeVoss Co. plays at Hampton, Iowa, all the coming week and sends greetings to all Augusta friends."

### SHOOT STRAIGHT ADVISES DIETZ

Camp Grant, Rockford, Ill.—Serving pink ice cream cones, wedges of pie and "smokes" from behind the counter in exchange No. 1 of the depot brigade, Private Leslie J. Dietz represents a lively menace.

Dietz is one of the sons of old John Dietz the stand patter of Cameron dam and was at his side thru the long siege, when 100 deputy sheriffs stormed the homestead on the banks of Thornapple river.

Before coming to Camp Grant, with the last increment of Wisconsin men, he went to see his father in the state prison.

"Remember you're a Dietz, and shoot straight," was the only advice he received.

### BAND GIVES FINE CONCERT SUNDAY

Over two hundred dollars was added to the local Red Cross fund through the medium of the benefit concert given by the Rhinelander City Band at the Armory Sunday afternoon. Owing to the inclement weather the attendance did not come up to expectations. The concert was first class and demonstrated the fact that when it comes to producing good music the Rhinelander Band is away above the average small city band. The program consisted of patriotic and classical numbers, and the new "America," played in this city for the first time. This latter selection was one of the features of the concert and took exceptionally well with the audience.

Brief patriotic addresses were made by Rev. W. Wilson of the M. E. church and District Attorney A. J. O'Melia.

It is to be regretted that the weather conditions prevented a larger patronage. Had the day been favorable the attendance would no doubt have been a record breaker. Later in the season another public concert of this nature may be given.

There was no expense connected with this concert. The Armory was donated as was every other essential item. The members of the band sold tickets and otherwise boosted the entertainment. They deserve a vote of gratitude for their splendid efforts in behalf of the Red Cross.

### CHATTERTON IS ALIVE

Archie Sievwright received a letter Monday from Charles Woodcock of Portland, Ore., a former Rhinelander resident, in which it was stated that Charles Chatterton, son of Mr. and Mrs. C. W. Chatterton of Portland, is not dead in France as previously reported here, but is in a southern training camp.

### BUY A BOND

(By Augustus Whittfield)

Hey! You fellow with a roll  
Buy a Bond  
Show your heart is good as gold—  
Buy a Bond  
Liberty depends on you,  
We must down the Hunnish crew,  
We each have our "bit" to do—

Come on in. The buying's fine,  
Buy a Bond!  
Crush the Huns on land and sea,  
Everybody. One-two-three.  
"Rah-Rah!! Rah!!! For Liberty!"  
Buy a Bond!

### WHIRLWIND BOND SALE OPENS MONDAY MORNING

Monday morning with the first appearance of the sun the Third Liberty Loan drive will be inaugurated in this city and county.

Rhinelanders are urged to finish their slumbers at this early hour in order not to miss the opening feature, which, according to the campaign committee, will be of a novel nature.

The quota of Rhinelander and Oneida county has been placed at \$350,000 and according to the campaign committees it is expected that this amount will be subscribed in three days. That the quota will be over subscribed is the general opinion. Sunday evening the various officers in charge will meet at the court house and complete final arrangements for the campaign. Monday noon the school children of the city will parade through the principal streets. They will carry banners and streamers bearing slogans of their own origin. For the most appropriate slogans prizes will be awarded. Tuesday night there will be a monster Liberty Loan procession in which all bond owners will participate. It is planned to make this demonstration even bigger and better than the great preparedness parade here one year ago.

In making the drive in this city and county the committee has adopted the well known Oshkosh system which has proven so successful in other parts of the county. A description of this plan will be found on another page.

The minimum quotas of the various towns are as follows:

Rhineland, \$197,150.

Cassian, \$1,000.

Crescent, \$1,800.

Enterprise, \$850.

Hazelhurst, \$1,200.

Little Rice, \$450.

Lynne, \$3,500.

Minocqua, \$16,000.

Monico, \$750.

Newbold, \$1,200.

Pelican, \$3,000.

Piehl, \$300.

Pine Lake, \$1,500.

Schoepke, \$1,500.

Sugar Camp, \$1,200.

Three Lakes, \$5,500.

Tomahawk Lake, \$300.

Woodboro, \$300.

Woodruff, \$9,500.

### APRIL 24 CLEAN-UP DAY

April 24th has been designated as Clean-Up Day. On that day the entire city will be asked to cooperate in making Rhinelander a more attractive city. But it is not necessary to wait for that day. Those who have garbage to remove should do so as early as possible, and all garbage should be carried to the dumping ground. Most good citizens will dump garbage on a city street, or a country road, or a vacant lot.

The dumping of tin cans along streets is especially objectionable. Let us all pull together and clean up Rhinelander.

GRANT V. CLARK, Mayor.

### ROBERTSON HAS LITTLE TO SAY

Robert G. Robertson, former city clerk who was arrested last week in Detroit, Mich., is now in the Oneida county jail. He arrived in Rhinelander from Detroit Saturday night in custody of Sheriff Hans Rodd.

Robertson was arraigned before Judge Charles F. Smith Jr., in municipal court at 3 o'clock Monday afternoon. He pleaded not guilty and further proceedings were continued until next Monday. Bonds were placed at \$5,000 and this amount Robertson has been unable to provide up to date.

It is said that Robertson appears as though under severe mental strain. He has no inclination to converse and makes no reference to his case. The ordeal of the last few weeks has plainly told on him and he is pale and nervous.

During his three years as city clerk Robertson is alleged to have appropriated nearly \$5,000 of city funds. Today he is said to be with out finances.

### SEALERS TO MEET

H. J. Danfield, city sealer of weights and measures, will attend a meeting of the city sealers of the state in Madison April 23, 24 and 25.

Afternoon and evening sessions will be held all three days in the senate chamber, with morning sessions on the last two days.

The purpose of the conference is to instruct the sealers in the construction and repair of the weights and measures apparatus. Among the speakers will be D. E. Fitzgerald, Racine; W. E. Cluett, chief deputy inspector, Chicago; Prof. R. S. McCaffery, Prof. L. S. Smith, John T. Willett, chief of Indians inspector, and Charles C. Neale, Minnesota commissioner. A banquet to be served in the marble hall of the capitol will close the performance Thursday evening.

### WILL UNFURL SERVICE FLAG

Seventy stars are in the service flag, which will be unfurled at St. Mary's church Sunday evening.

Special services will attend this ceremony, including music and a patriotic sermon by Rev. Father Didier.

Everybody is invited to be present at this service.

### EAGLES SHOW THEIR LOYALTY

At the meeting of Aerie 359 F. O. E. Wednesday evening it was voted to subscribe \$1,000 to the Third Liberty Loan.

Aerie 359 will be represented at the Eagles' state convention in Milwaukee, June 18, 19 and 20. The following have been elected as delegates: J. C. Teal, Eli Counter, Chas. Davis, B. E. Lee, Louis Moras and J. M. Baker.

### BACK FROM TEXAS

W. D. Joslin has returned from Houston, Tex., after a fifteen months residence in that city. Mrs. Joslin is visiting her daughter, Mrs. Guy Waldo, in Park Falls, and will arrive here within a few days.

Mr. Joslin is glad to get back to Rhinelander. Houston is all right but it can't compare with the old home town. Mr. Joslin is in fine health and says Texas life agreed with him.

### O'MELIA MAKES SPEECH

District Attorney A. J. O'Melia made a patriotic speech in the town hall in McNaughton last Thursday night. A large crowd heard him.

### "DOCTOR" SMITH WITH US AGAIN

"Doctor" Smith is back. He arrived on Soo line train 81 this afternoon in charge of Sheriff Hans Rodd and went immediately to the county jail, where it is understood a room was reserved for him. He would probably like a room with "bawls" but for the present will have to be contented in the "bull pen."

Arrested in Madison, S. D., on a charge of forgery Wendell Smith, who for the last four years has posed as a veterinarian in this city, will be brought back here to face prosecution. Sheriff Hans Rodd left Monday to secure the prisoner.

Smith is alleged to have forged a note for \$150, which bore the name of J. O. Davis, a well known farmer of the town of Crescent. The paper, which is said to be bogus, was made out on the first of last January for a ninety day period and was payable at the Merchants State Bank.

Smith left this city several weeks ago, announcing previous to his departure, that he had been commissioned a second lieutenant in the army. It was the general impression here that he had been called to service and was probably in one of the training camps. It seems, however, that he went to Madison, S. D., near which city he established himself as a veterinarian and was doing a brisk business in this line when taken into custody.

Through his communication with a lady friend the officers here, it is said, learned of his whereabouts.

According to advices from the Madison authorities Smith has expressed a desire to settle the note with the expectation that proceedings against him will be dropped.

During his residence in Rhinelander Smith failed to keep his record as spotless as an upright citizen should. He apparently was very absent minded when it came to paying his honest debts, and even when constantly reminded of his obligations frequently neglected to respond. Several business people here have long since abandoned the hope of ever seeing the color of his money.

It is also intimated that his morals are not exactly those of a Puritan. Not long ago he was mixed up in a shady escapade here in which feminine society played a prominent part.

Although he is known as "Doctor" Smith there are many who have their doubts regarding the validity of his title.

### INDIANS SENT TO JAIL

In Judge H. F. Steele's court Wednesday John Big John was sentenced to four months in the county jail and Charles Sun to six months in the same institution. Both men are Indians and are guilty of statutory offenses.

## THREE LAKES DEPARTMENT

Mrs. Jarnieki, formerly Mary Michalski of Chicago, who spent the past two weeks at Three Lakes, has returned to Chicago.

Mr. and Mrs. Fred Tucker were over from Hiles the first of the week. They came via auto.

We are glad to note that Mrs. Henry Anderson is gradually improving.

It's right up to you to do your bit. No excuse or hiding goes! Where there is a will there is a way. You are booked to buy a Liberty bond and it is now up to you to buy one or more. You cannot afford to leave your ledger page blank on this score. The boys at the front need your help—and need it right now. When the day comes when your page is investigated, can you afford to have it blank? Be loyal and do your duty.

Earl Crawford and family, who spent the past year at Stuben, Mich., are residents of Three Lakes again. Gust Schwartz who is employed at Rock, Mich., is here on a vacation. Jolly as ever.

All of our village teachers have returned from their Easter vacation. Mrs. Kylo spent her vacation at Wausau, Miss Milavets at Ashland, Miss Negley at Madison, Miss Skinner at Wausau, and Miss Koshnick at Stevens Point. Miss Violet Neu accompanied Miss Koshnick as her guest during her vacation week.

Frank Campbell, who departed re-

cently to join the army, has been accepted and placed in the 15th Co., N. G. C. A. S., at present he is at the Jefferson Barracks, Mo., but will shortly be assigned to some western coast, Heavy Artillery Camp. Frank is a bright young fellow and we feel assured that he will make good.

Chas. Helm who had charge of a logging crew at Newbold, Wis., for Joe Godlewski during the past winter is again numbered among us. His brother Alfred has also returned to Three Lakes.

Undersheriff Crofoot was here the first of the week on official business.

The election is over and all matters have about righted themselves, the headaches and bandages have been removed and business is now running as usual.

A report comes from Racine stating that Frank Korzilius, one of our town boys, was compelled to undergo an operation for appendicitis; also that he is gaining nicely.

Ed. Epler who has held a position with the Penn. Ry. Co., as fire man, has returned to Three Lakes to continue his garage business.

Born: To Mr. and Mrs. John Olkowski, a son. Dr. Meyer of Eagle River attended.

Chas. Woelfer of Lake Mills and Andy Himley of Crandon were here last week looking after their farm interests. Mr. Corning has resigned

as manager of the farm and a new manager will shortly arrive.

Ray Barker, who spent the winter at Kenosha in a garage, has returned home to continue his business here.

Felix Javnikowski, who held a position at Kenosha during the winter, is among the spring birds to arrive here.

Let's have a good mess of pike on May 1st.

Maple syrup season is on and a number of our citizens are busy gathering sap these days.

The Kuney-Parrette Lbr. Co. is installing a Deleo Lighting System at their farm near Clearwater Lake.

Rev. Davis of Eagle River conducted religious services here last Sabbath.

Nancy Koshuta has departed for Stevens Point where he will enlist in the U. S. Polish army.

We are sorry to note that Dewey Lavender, who made application to join the navy, failed in his physical examination on account of a defective eye.

Rev. Kalandyk of Rhineland, conducted services at the Catholic church last Sabbath. He will be here again on the 11th Sunday of April at which time he will be assisted by Rev. Toplak of Eagle River and the Crandon priest.

Our lakes are beginning to open up and the ice is very dangerous now. Do not be tempted to make a short cut across any lake now if you think anything of your hide.

L. S. Graves of Milwaukee is the first summer visitor to show up at Three Lakes. He is usually the first in and the last out. Vet looks as spry and husky as ever.

The Kuney-Parrette Lbr. Co., are arranging to plant 200 acres of potatoes this season.

Every farmer here should be wise and allot a certain portion of his farm for wheat.

Elmer Ball spent his Easter vacation with the "mumps."

Mrs. J. C. Small, sons Orville and Adrain, have gone to Lane, Idaho, to spend several months with relatives.

Mr. and Mrs. James Gagen of Antigo spent last Sunday with Three Lakes friends.

Three high school boys have arrived here from Milwaukee and will assist on the Kuney-Parrette Co. potato farm this season. We understand 27 more will arrive for the same purpose.

A bunch of Clearwater young ladies gave a Red Cross entertainment at the Woodman hall last Sunday evening, which was well attended and netted the young folks a neat little sum for the Red Cross work. The entertainment was well presented and we are proud of the gritty little bunch of northern Wisconsin.

Every citizen who has not already bought a Liberty bond has a chance to redeem himself now. Go to our local bank and subscribe for one or more right now.

Mrs. Wm. Bennett is spending the week at Antigo, and Shawano. During her absence Ruth is general overseer with Irene as assistant.

Every citizen should get busy and put in his application for fish fry. It will only cost you the postage and you will be doing your duty.

### CONSTIPATION AND INDIGESTION

These are twin evils. Persons suffering from indigestion are often troubled with constipation. Mrs. Robert Allison, Mattoon, Ill., writes that when she first moved to Mattoon she was a great sufferer from indigestion and constipation. Food distressed her and there was a feeling like a heavy weight pressing on her stomach and chest. She did not rest well at night, and felt worn out a good part of the time. One bottle of Chamberlain's Tablets corrected this trouble so that she has since felt like a different person.

All Dealers.

## MINOCQUA

(Minocqua Times)

Sam Smith who has been living with his family in Oshkosh during the winter months arrived here the fore part of the week for election.

Geo. Abraham came down from camp the fore part of the week for spring election and for a short visit with his family.

In accordance with the plans outlined by the Council of Defense, Mrs. C. B. Carman of Minocqua has been appointed as a member of the Women's Committee of the Council. As a member of this committee it will be Mrs. Carman's duty to look after the work delegated to the women of this community by the Council of Defense.

A deal was closed last week where by Joseph Dullois of Minocqua became the proprietor of the Ruder Brewing Company ice plant. Joe has purchased a heavy team and will take control of the business within the next few days. Ham Kline will be the ice man. We are informed that ice will be sold to private families at 20 cents per one hundred pounds. Twenty cents per hundred is a reasonable price considering that ice sells in Rhineland at 25 cents per hundred and in Antigo at thirty cents per hundred.

Miss Ina Mildred Falls of Chicago and Mr. Daniel Hinton Jossart were united in marriage at Chicago Saturday, March 30. Both Mr. and Mrs. Jossart are very well known at this place. Daniel is a native son of Minocqua, and has spent his whole life here, graduating from the local high school with the Class of 1908. He is a clean cut, enterprising young man, and is respected by everyone. Mrs. Jossart is a talented young lady, a school teacher by profession. She has been an annual summer visitor at Minocqua since childhood.

## EAGLE RIVER

(Eagle River Review)

Highway Commissioner Noma-check is doing some timely road work by dragging the streets, and roads running out of town. The Caterpillar Tractor, with Austin Bent at the wheel is furnishing the power and with two drags hooked behind causes the old horse power method to look like a relic of tallow candle days.

The following Vilas county men left Wednesday for Fort Worden, Wash., where they will begin a military career: Stanley Rusinski, Winchester; Geo. Chemist, Woodruff; Edward Mykleby, Star Lake; John Walter Houle, State Line; Alfred Johnson, Boulder Junction; Ed. Wm. Haukas, Winchester; Andrew Wagner, Phelps; Geo. Levick, Boulder Junction.

Walter Gander Sr., went to Appleton, Tuesday to return with his wife who has been a hospital patient there for the last month. They returned yesterday.

Rev. and Mrs. G. H. Waters went to Antigo Saturday, where Mr. Waters was to occupy the pulpit of the First Congregational church for the Easter services. Mr. Waters returned Monday, his wife remaining to visit a few days arriving home Thursday.

The Spring of 1918 starts out very favorably for Vilas county farmers as shown by the plows starting on the Morgan, and Brunswick farms on Friday, March 29. This week farmers generally are busy at work getting their land ready for seeding.

The raise in the price of automobiles doesn't seem to have affected sales much as several local men have disposed of their used cars and placed orders for new rigs of their favorite make.

John Wirth, of Electric Mills, Miss., arrived last week to spend a few weeks with his parents at their home north of town. The Review office received an early call from him made for the purpose of advancing his subscription another year.

### RATHER INDISPOSED

A good many very interesting letters were written the local exemption board during the recent classification of Hamilton county selectmen in class 1. The following, however, written by a father asking the exemption of his son, was the prize communication.

"When a boy 11 years old he got badly hurt and had a bad defect with his back. He has trouble to stoop to pick up anything, and one leg is shorter than the other, and he hurt his hand and has one stiff finger and a defect on the other hand, and he hurt his head and stayed hard of hearing. Can't walk for he suffers of a sore side and the same when driving. Back and side gets awful sore when he lifts anything heavy. Eyes get blood shot and trouble to see any excitements, gets frightened. He could never go to school and was always sick. He can't read or write and is cross-eyed. He froze his heels nine years ago and every winter is laid up with sore heels and his feet get bad. He cut his foot across the top and three stiff toes bother him to walk. He is drowsy and sleepy all his life and when he goes to sleep he chokes and jumps up gasps for breath, and he was tended by a doctor for two years for a

rupture. When he runs he gets sick and has to go to bed. I testify that these facts are true and he is even worse than I have put it down, and he sends in his exemption just to comply with the law, and if the war goes on we will send him to the asylum.

### TO LOSE PERMITS

Minors under 17 years of age who fail to attend continuation school for two or more consecutive weeks, as required by law, will be denied labor permits, and those already in possession of permits who fail to comply with the law will have their permits revoked.

This is the gist of a resolution adopted Friday by the industrial commission and is the result of innumerable complaints that children working under permits were irregular in their attendance at continuation school.

### Butting Against A Stone Wall

"Somewhere in Wisconsin" there is a family which is being well nigh ruined through misplaced devotion to an imbecile child. The father is a conscientious and honest workman who is able to earn between twenty and twenty-five dollars a week. Of this amount, a considerable portion goes for the payment of physicians, quacks, and "mystics" who are employed, one after another, in the vain hope of effecting a cure.

The child, now fourteen years old, received a brain injury at birth, from which there is no longer any hope of recovery. To all intents and purposes, the brain is intellectually dead and the body is but an empty shell. And yet, as is so often the case, money and attention, are lavished upon that irresponsible and unappreciative body at the expense of the other members of the family.

All that money and loving attention can secure she should have, but not at the expense of the of the other children in the family, unless there is no other alternative.

The general living conditions in the home, because of the drain mentioned, are poorer than the average of families with similar incomes. The food is of poorer quality and scantier in amount. As a result, disease, tuberculosis especially, is being invited and it will be strange if it does not ultimately take one or more of the other members of the family. Because the imbecile child gets the best of the family supplies she will live, but at the risk of the death of the children of normal intelligence. Therefore, one of two things should be done—either some system of pension should be provided by the public so that she can be cared for by her own family with out detriment to the others in the home, or she should be removed to an institution where special attention fitted to her needs can be given

The people of this state have displayed a great sympathy and love for such children and such families, reflected in the splendidly managed "Home for the Feeble-Minded" at Chippewa Falls. In effect, this is a great cooperative effort on the part of the people of the state to handle deplorable cases of the above type which few families are able to manage individually without paying a price which means ruination in money, opportunities, and happiness.

Its purpose and full possibilities are defeated, in a measure, by misdirected family pride and affection. All normal and healthy individuals and families are entitled to live their own lives and not allow them to be blighted by loyalty to "the dead," when it must be purchased at the expense of the living.

# Back Your Boy

## Buy 3<sup>rd</sup> Liberty Loan Bonds

**Y**OUR boy has gone away to stake his life to make the world a decent place in which to live. Some have already shed their blood that Liberty might survive.

Your boy is depending on you today. He is fighting for you. Are you going to stand back of him? He is going to face cold steel. Are you going to see to it that he has a gun to fight with, clothes to keep him warm and food to nourish his body?

Uncle Sam needs money at once for more equipment, more food and more ammunition for your boy. That he may have everything he needs to make the best fight that is in him, your government offers you Bonds of the Third Liberty Loan.

You have nothing to lose because these bonds are backed by a mortgage on all of the property

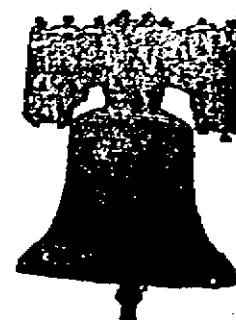

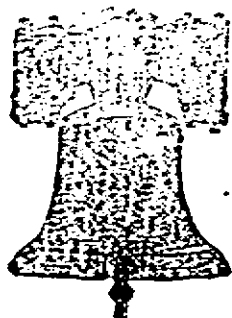

of all of the people in the richest nation in the world and you'll get your money back with interest.

You have everything to gain for now that our nation is at war with the Autocratic German Government, our fate and the fate of our homes hangs in the balance. The question of whether you will be a free man under the stars and stripes or a slave under the iron hand of the Kaiser rests with the success or failure of your army. Until that question is decided, everything you hold dear hangs in the balance.

Your boy, by going to the front, has declared that for him death is to be preferred to a life of slavery. All he asks is that you back him with your money. His eyes are upon you today.

Therefore, for your boy's sake buy your Liberty Bond today.

Your boy trusts you.—Do not fail him.

## SELL BONDS HERE ON OSHKOSH PLAN

Liberty Loan Committee Has Adopted Popular Rating System

In placing the third Liberty loan on the market the government has adopted the motto, "Your Share is Fair." The government expects every one who can afford to do so to buy a bond; furthermore they do not expect any one to take less than their share. They do not propose that a person able to purchase a larger bond shall buy immunity by the purchase of a smaller bond than would be their "fair share." In order that the government may know what is each individual's fair share, and in order that the individual may know just what is expected of him, the government has ordered those in charge of the bond sale to proceed along the following lines:

List every person of means in the county.

Determine the net worth of each person.

Total the net worth of the individuals and pro rate the bonds among them on the basis of their individual worth or ability to buy.

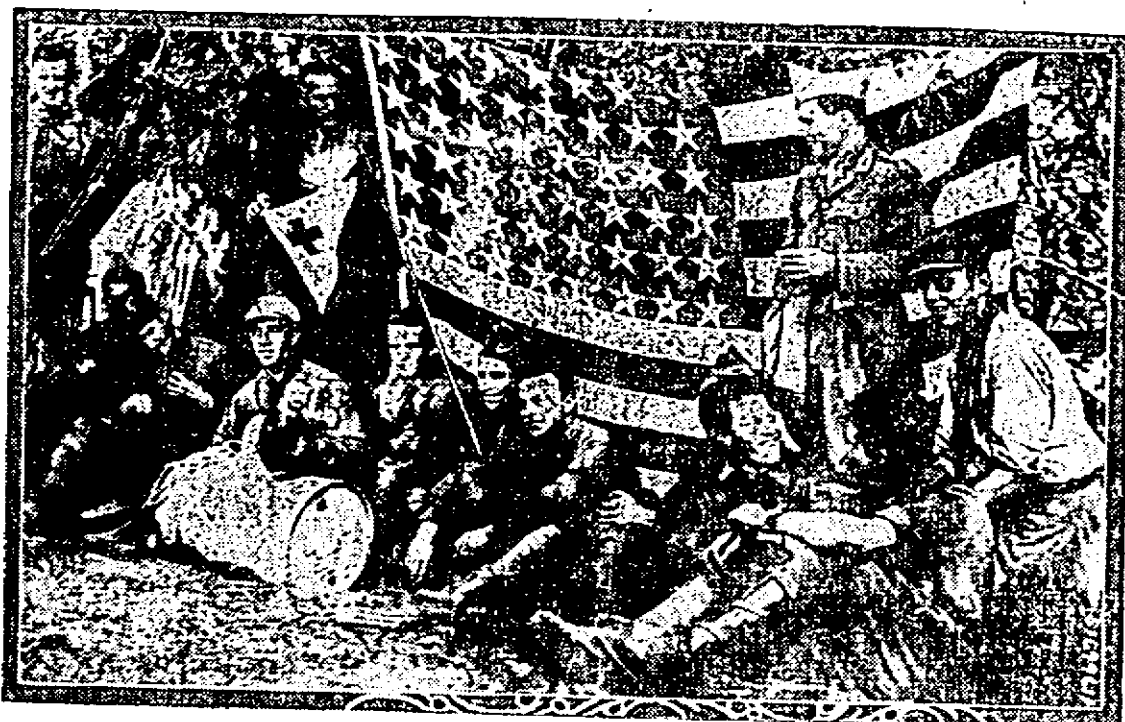

Give each individual an opportunity to buy the amount allotted to him. Do not take his subscription if it does not agree with his allotment, but refer such cases to a special committee.

Special committee to explain basis of allotment to such individuals, and to make corrections in such allotments, if the same is found to be unfair.

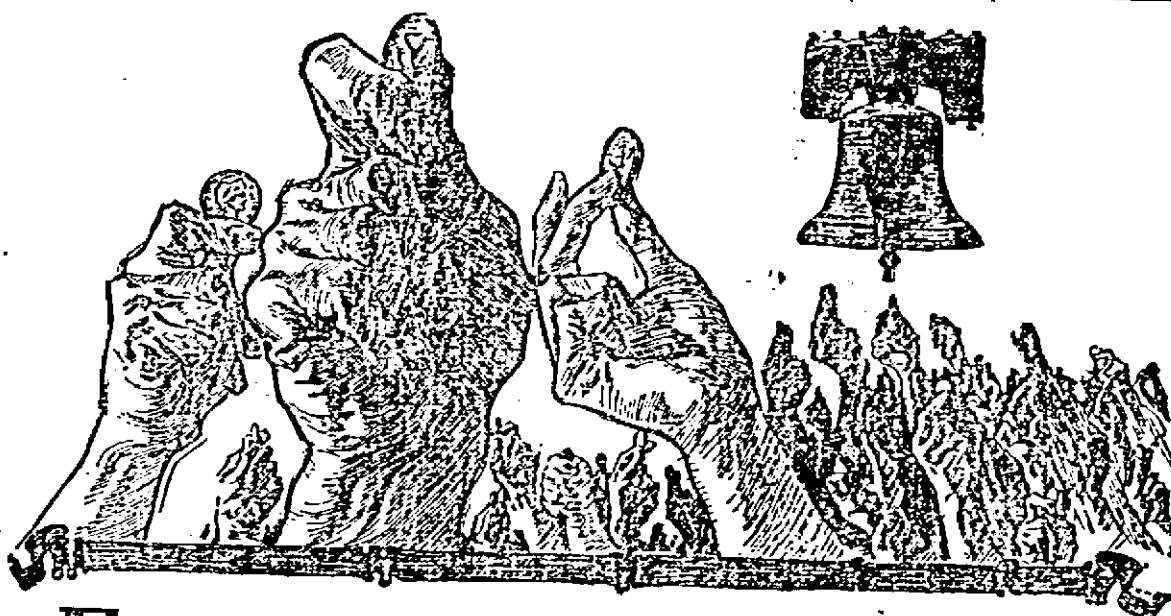

In case the prospective buyer still refuses to take his allotment, his name together with the facts to be turned over to the federal authorities for further investigation and action. (The federal government proposes to have a record of all individuals who are not inclined to do their fair share to help the nation in this, its hour of peril.)

Further in reference to the above would say that committees of representative citizens in each ward have completed a rating of the city and are now working on the rating of the balance of the county. This rating has been audited by a special committee. These local committees and the special committees have used great care in their rating and are satisfied that in general their findings are fairly correct, but they realize that it is impossible to be absolutely correct in every case. So if you, as an individual, feel that you are asked to do more than your share, do not become angry at the solicitor or the committee but simply ask to have your case referred to the special committee for their proper adjustment. Remember that the solicitor and the rating committee are simply following out the in-

## Back These Boys With Your Money

Are you going to stand by these boys and this flag?  
The way to do it is to buy United States bonds of the Third Liberty Loan.  
This picture was taken in France, and it shows some of the American boys putting a little spirit and joy into life at the front.  
Your money invested in bonds goes to feed, clothe and arm these soldier boys. They have given up everything for you. How much are you going to invest in perfectly good securities for them?

## Every Hand in the Land

EVERY hand in the land owes a duty to the Liberty Bell. The principles of Liberty and Justice which our fathers fought for in 1776 have been attacked.

The German Kaiser himself has written: "I am dreaming a dream of a German World Empire—and my mailed fist shall succeed."

Already his horde of self-styled Huns has spread over the lands of five nations. And wherever it has gone it has left desolation.

In those nations today there

are hundreds of thousands of men, women, and little children who can no longer raise their hands in defense of their country.

We say we live in a free land. But our freedom today stands or falls with the success or failure of our boys who are fighting for us.

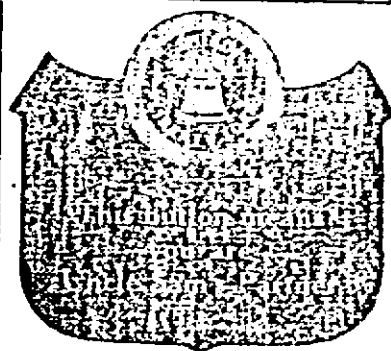

That we may halt the Huns in their mad war of conquest, our Government needs Billions of Dollars in the Third Liberty Loan. Every hand in the land must give. Every dollar which is not being used for necessities, must ring the Liberty Bell. The man or woman who does not buy his or her share of Third Liberty Loan Bonds has no right to the Liberty he or she now enjoys.

structions of the government and remember also that the solicitor had nothing to do with the rating and that the rating committee has tried in all cases to be fair and that there was no intention on their part to ask any one to do more than their fair share.

In rating the individuals, the main fact taken into account was the net worth of the individual, although the matter of legitimate expenses and the matter of income had an important bearing on the rating in many cases.

While the solicitors are furnished with figures showing the minimum subscriptions that will be accepted in each case, it is not the intention to have the solicitor state this amount to the prospective buyer. Each individual is expected to indicate how many bonds he is willing to take. In order to assist the individual in determining what his fair share is the committee wishes to state that the result of its investigation indicates that if every one bought on basis of their worth—each individual would have to take bonds in amount equal to 2 per cent of his net worth. For example, a man worth \$2500 would take a \$50.00 bond. However, as many people of small means cannot purchase it will be necessary for those of larger means to take a larger percentage.

Because of the nature of these bonds as an investment and because of patriotic reasons many people may want to take more than their share. It is hoped that these people will not be prevented from buying a larger amount because of the fear that it will result in a higher rating in the future as such will not be the case. Remember always that it is the intention to administer this plan on a basis fair to all and it is not the intention of the government to bring any pressure to bear to get any one to do more than their fair share, although there undoubtedly will be pressure brought to bear to line up the slackers.

The valuable thing about this rating plan is not so much the idea that each individual is rated but is that the committee is enabled to arrive at the total worth of this community, and having this total worth, is able to tell the individual that 2 per cent of his net worth is his fair share when it comes to the purchase of bonds at this time. Each individual can then figure out for himself how many bonds he should take. He should not offer to take less than what he knows is his share and it should not be necessary for the solicitors to have to tell him that he is not taking enough. Any patriotic individual will immediately step forward and offer to take his full share if not more. Any individual who offers to take less than he knows to be his share lays himself liable to the suspicion of being unpatriotic or of being a slacker which is just as bad.

While the government has just adopted this plan throughout the country, it is by no means a new experiment. This plan is what is known as the Winnebago or Oshkosh plan and was used in Winnebago county on the second Liberty loan drive with great success for the reason that the people there realized that they were simply being asked to do their share, no more and no less.

## Worth Fighting For

**S**HALL this little girl grow up in the sort of American home we know, healthy and happy? Shall she have the advantage of living and learning in a free land, under free institutions? Shall such children develop into the Liberty-loving citizens that a free America may be proud of?

For over two hundred years Americans have fought valiantly, and died gallantly, to win for themselves and hand down to their posterity the blessings of liberty, justice, self-government and equal opportunity. This precious heritage, bought at so great a price, is now threatened.

The question which today confronts America as a nation, and you as an individual, is whether or not a free America is worth fighting for

Are American children in this and all future generations to receive unimpaired the legacy of freedom of which we are now the custodians, or shall their country be turned over bodily to the brutal, rapacious, power-mad enemy which has forced us into this war?

This question cannot be answered by word of mouth, but by deeds alone.

### MONICO

The people of the community are mourning the deaths of two young people, daughter and son of Mr. and Mrs. F. C. Kuehn.

Death called Hannah Kuehn from her home Thursday, April 4, at 8 o'clock. She was born in Dodge county and was the youngest daughter of the family, being twenty-two years, one month, and sixteen days old.

Deceased was feeling ill when she came home from Antigo, Saturday, March 8, 1918. The doctor was summoned and found that she was suffering with pneumonia and scarlet fever. Deceased was always a strong and healthy girl and her death came as a blow to everyone who knew her. She was loved by all who knew her, and was sure to win the love of everyone by her pleasant disposition. Deceased had many close friends at Rhinelander and Antigo, who will mourn her death.

Funeral services were held outside of the house and at the cemetery Saturday afternoon at 4 o'clock, April 6, by Rev. DeJung. Undertaker Hildebrand was in charge of the funeral. The body of the deceased could be viewed thru the window. The floral offerings were many and beautiful. The pallbearers were Messrs. Art Leith, Leo Wesolowski, Henry Wesolowski and Edward Roughton. Sunday morning, April 7, Edwin Kuehn passed away, following close behind his beloved sister, Hannah Kuehn. Deceased was home in Monico and was the youngest child in the family,

being eleven years old. Death was due to scarlet fever, and grief over the loss of his sister.

Little Edwin was always a favorite among his many friends, who will miss his presence for some time. He was in the sixth grade, when called away from his home and schoolmates. He has a host of friends left to mourn his death.

Funeral services were held outside of the house Tuesday afternoon, April 9, at 3 o'clock by Rev. DeJung. Undertaker Hildebrand being in charge. Floral offerings were many and beautiful. The body of deceased was laid to rest close beside that of his sister.

Those left to mourn the deaths of those two most beloved young people are, their parents, Mr. and Mrs. F. C. Kuehn, two brothers Arthur and Walter, and two sisters, Mrs. A. Baudine of this place, and Mrs. Otto Finger of Antigo. They have the sympathy of the whole community in their sad bereavement.

J. Shepard Sr. of Shiocton visited at his home here Sunday. Sam Lagon of Rhinelander spent Sunday at his home.

Miss Marie Kelly, who spent a week at Green Bay with relatives returned home Monday morning.

Miss Alice Ford of Pelican Lake spent Sunday at her home.

Mrs. L. Briggs and baby of Antigo are visiting at the Murphy home.

Franklin Jilson returned to Rhinelander Sunday to resume his duties at school.

Little Lydia Semmelhack of Wood

ruff spent a few hours at the Kurtz home Saturday.

E. J. Baxter was at Rhinelander Monday.

Mrs. M. Wesolowski and son George were at Rhinelander Monday. Mrs. Stevens of Waupaca, who has been visiting her daughter, Mrs. W. E. Baldwin, returned home Monday. Emil Meyer went to Merrill Sunday to attend the funeral of Mrs. Meyer's mother.

Mr. and Mrs. James Farley of Marshfield were visitors in town the first of the week.

Miss Mary Stevens returned to Rhinelander Sunday to resume her duties at high school.

Miss Fay Rogers who has been visiting at Tripoli returned home Friday.

Dr. Kabel of Rhinelander passed through our town Sunday.

Alvin Devoe went to Antigo on business Monday.

Mr. and Mrs. James Murphy visited at Chicago the last of the week.

R. Pederson was a caller at Rhinelander.

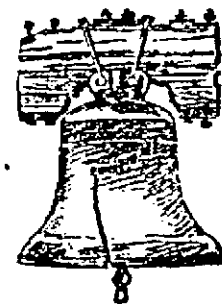

Dr. Daily of Elcho was summoned to the Huycks home Saturday on account of a case of scarlet fever being present.

Mrs. A. Stark is on the sick list but is improving.

Mrs. Emil Meyer was called to Merrill Saturday on account of the death of her mother.

Scarlet fever has been reported at the home of Mr. and Mrs. J. Greene at this writing. Little Owen and Jack were the ones suffering with it. Both of them are quite sick and their friends hope for their speedy recovery.

## When "He" Comes Home

**T**HERE will come a day when the news that the war is over will thrill the world. Then our brave men will come home to their little ones. No matter how we hope, no one today knows whether they will come home in victory or defeat.

If they come home in defeat, you and your children must then live under the iron heel of the Hohenzollern.

If they come in victory, where will you stand on that day—the proudest day in the long calendar of American achievement.

On that day all Americans will be divided into two classes. The first class will include those who have given their sons or lent their dollars freely and unselfishly to their country.

The other will include those who did not sacrifice their sons or their dollars or give their best efforts.

Where will you stand on the day of victory? You can choose now—you cannot choose then.

### HEARD SITE CASE

Judge A. H. Reid returned this morning from Milwaukee where he has been hearing testimony and arguments what is known as the "court house site case" in circuit court. The case is an interesting one and to decide it Judge Reid will be obliged to interpret the intention of the Michigan state legislature when in 1835 it created Milwaukee county and specified that the county seat should be located at the village of Milwaukee.

The county lately condemned property west of the Milwaukee river for a court house site, but according to the plaintiffs the village as con-

stituted in 1835 was all on the east side of the river and therefore that section of the present city of Milwaukee must contain the county seat. The case was interrupted yesterday when one of the attorneys fainted in court, making an adjournment necessary.—Wausau Record-Herald.

### PATRIOTIC RALLY

There will be a patriotic rally at Smith's hall, Cassian, Sunday at 2:30 April 14. There will be speaking by the school children, a speech by A. J. O'Melia of Rhinelander, and singing by the audience. There will also be some one to organize an auxiliary to the Red Cross. Everyone is invited to attend.

### RECEIVE CONFIRMATION

At the Swedish Lutheran church Sunday twelve young people received confirmation. Rev. C. J. Silfversten officiated at the services. The class consisted of Edna Anderson, Hugo Anderson, George Dahlstrand, Edith Edlund, Edna Johnson, Edwin Bergman, Henry Nylund, Mary Nylund, Oscar Olson, Arthur Wanholm, Ida Wanholm, and Esther Peterson.

# 3<sup>RD</sup> Liberty Loan Bonds

The boys in the trenches are listening today to learn how the folks at home subscribe the Third Liberty Loan. They are listening for the sound of the new Liberty Bell.

Each boy over there is wondering if **his** folks will be the first to buy Liberty Bonds.

He is looking across No Man's Land, facing death, that American homes may be safe from German brutality. He is enduring hardship and danger willingly that American Liberty and Justice may endure.

In front of him is the powerful, domineering German nation, mobilized to the last man — to the

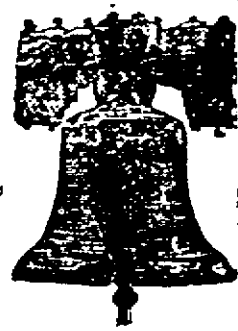

last ounce of strength—all experts in the fighting game.

Back of him, 3,000 miles away, are we, the folks at home — free, independent, perhaps critical.

“Over there” the boys have faith that we here at home will do our part—and our part right now is to buy Bonds of the Third Liberty Loan.

Have you answered the call? Have you rung the Liberty Bell as your forefather did in 1776, or are you saying: “Others can afford to do it better than I. I will let them fight my battles for me.”

The boys are listening.

Optimistic Thought.

To expose an ambassador to abuse it is only necessary to send him away without an answer.

Excuse and Failure Synonymous.

An excuse is an admission of failure. It is a plea for leniency, for suspension of sentence. It is a step toward loss of self-confidence. It is the beginning of life failure. And that man or woman who expects success to crown his or her old age should go to any legitimate extreme to prevent the possibility of having to offer excuses for failure in execution. # Make the World Safe for Your Children

SEVEN score and two years ago, our fathers brought forth on this continent a new nation, conceived in liberty and dedicated to the proposition that all men are created equal. Now we are engaged in a great war, testing whether that nation or any nation so conceived and so dedicated, can longer endure.

The German Emperor challenged our right to exist as a free nation when he said, "From childhood I have been under the influence of five men, Alexander, Julius Caesar, Theodor II, Frederick the Great, Napoleon. Each of these men dreamed a dream of World-Empire—they failed. I am dreaming a dream of the German World Empire—and *My Mailed Fist Shall Succeed.*"

man armies have subdued one hundred and eighty-seven millions of the human race. We have sent our boys to the battlefields in France to give their lives, if need be, to make the world safe for democracy. Our government is now calling on us for a loan that our boys may be properly equipped when they go out to face the German monster. If the "Mailed fist" should succeed, the world would no longer be safe for your children. As you love your children, subscribe to the Third Liberty Loan.

# Isn't Her Life Worth a 3<sup>RD</sup> Liberty Loan Bond

YOUR little girl hardly realizes what this war means. She has a big daddy to protect her. It is hard even for you to realize that today in Europe there are thousands of little girls homeless and almost starving. They haven't any daddies any more. Some of them haven't hands any more.

These little girls have been sacrificed to that philosophy expressed by Professor Lesson of the University of Berlin in Das Kultur-ideal und Der Krieg: "The state can realize itself only through destruction of other states which logically can only be brought about by violence."

Today in Europe American soldiers are staking their lives against this doctrine and are shedding their blood to make the world a decent place in which to live.

Your government is calling on you today to help equip these soldiers who are fighting for your little girl.

Every penny you invest in the Third Liberty Loan will be paid back to you with interest.

How you respond to this call will show how you protect your children.

### NAB ALLEGED SPY IN CLINTONVILLE

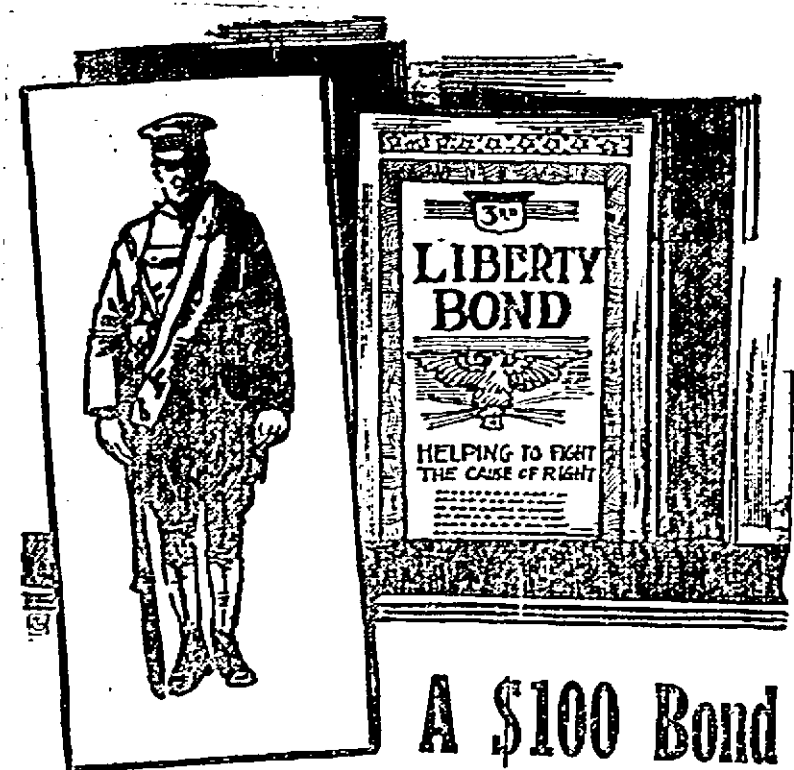

In Clintonville a few days ago Federal officers, representing the department of justice, arrested Ernest Bannack, who was suspected of being a German spy or reservist. Bannack had been in Clintonville for about two years, and purported to be in the real estate business. It is said that he had been a teacher in Germany before coming to America; and that for some time after his arrival in America, he was the editor of a German newspaper. He was taken to Milwaukee. It is known that the government metes out severe punishments where there is reason for suspicion. It is said that the names of others in that part of the country are on the files in the department of justice, but it is hoped that it will not be found necessary to make any more arrests.

### FITZGERALD BOUND OVER

### Chinese Cooks

It is said by those who have employed them that the Chinese always cook by rule. If they have any rule to go by—following the rule with the same scientific exactness with which the druggists put up a prescription. Hence their results are equally satisfactory. They never burn anything, consequently, their food is not only good but healthy. They cook just enough and no more. —Herald Gazette.

## BAD CONDITIONS IN WAR ZONE

Letter Tells Of Illness And  
Suffering Among People  
Of Noyon

Letters from the war zone thru  
the diligence of the censors are few  
of them a departure from a collec-  
tion of generalities on conditions  
"over there." Once in a while, how-  
ever, a stray correspondent hits a  
safe and happy subject and helps  
American imagination to a concept  
of the real atmosphere of war.

The following excerpts from a let-  
ter received by Miss Anne Rankin,  
of the domestic science department  
of the Wausau city schools, from a  
niece working with the Smith Col-  
lege girls' unit in the war area  
where the battle is now raging, was  
printed in the Wausau Record Her-  
ald:

"I think the only thing that I can  
tell you of this work is about the  
Zeppelins. You remember in Octo-  
ber several came down in France,  
in a single night. One landed near  
headquarters and B— was lucky  
enough to be asked to go with Gen-  
eral Rogers to inspect it. You have  
read the story and perhaps seen  
moving pictures of it and some day  
I will show you a little piece of  
black cloth which covered the alum-  
inum frame. This 1,000-foot tube  
lay across a little valley with a  
stream at the bottom of it. Only one  
of the four cars suspended from it  
was injured. The trees and banks  
supported the long ends. Think of  
the astonishment of the Frenchman  
out for an early morning hunt when  
this huge thing almost descended up-  
on him. His presence of mind was  
good, his bag a dozen Germans, and  
his reward a coveted medal. B—'s  
notebook tells of the perfection of  
detail of the Zeppelin. Every tiny  
part was a model of lightness and  
beautiful craftsmanship. Some were  
significant. The electric bulbs were  
made in the U. S. six months before.  
The beautiful fur-lined coats of the  
crew were made in South America  
within the year. The extra supply of  
spark plugs, the illuminated dial of  
the clock, the contrivance for heat-

ing, all indicate the thoroughness of  
the enemy's preparation.

"During October I established my  
self in a very pleasant Hotel Verner  
and worked every hour I could in  
the surgical dressing outfit. I have  
told many of you of the need of  
dressings and of the need of Amer-  
ican women to make them. Many  
people write, 'Why can't the French  
women work?' I suppose there are  
French women that do not work,  
but personally I have never come  
in contact with them. Yesterday,  
Miss Bingham, a well-known teach-  
er from Dana Hall, told me that  
there are a million women working  
in French munition factories. Eleva-  
tors, trains, and taxis are driven by  
women. And right here I must inter-  
rupt myself to tell you that I saw  
a little woman about fifty-five run-  
ning a big tram and trailer with one  
hand, while with the other she pow-  
dered her little nose as her two button  
eyes kept watch on the dashing tax-  
is and lorries.

"Indeed, French women have all  
they can do without making band-  
ages for Americans. There is no such  
thing as unemployment in France.  
American women must come to serve  
our army as nurses, stenographers,  
telegraph operators—in the canteens  
—in every place where by so doing,  
they will release the men to fight."  
A description of the work of the  
Smith College Girls' unit follows  
with vivid details of the country  
around Noyon where the present  
fighting is going on follows: "In  
each little village the Germans had  
time to blow up each little house. A  
good many churches are standing.  
One old French peasant says that  
when going forward they did not  
spare churches. God revenged him-  
self by defeating them. So in fear  
they spared His especial dwelling  
places on their retreat. Literally  
acres of fruit trees are cut down.  
But in the way of material damage  
nothing seems more inexcusable to  
me than the felling of the enormous  
poplar trees which lined this won-  
derful road. The pines, too, surely a  
hundred years old, lie in rows, their  
needles turned brown, where they  
were scientifically cut down just be-  
fore the retreat.

"Of course when I tell you of the  
material damage it is only the least  
important part I am trying to de-  
scribe what war does, what this war  
has done to the women and chil-  
dren.

"In the seventeen villages given  
to the Smith unit there were in Sep-

tember about twelve hundred peo-  
ple. Four hundred have returned  
this winter. Of all those sixteen hun-  
dred there can't be a score who are  
fit to do a day's work. Every  
able-bodied man, woman and child  
was sent into Germany. The first  
message received from Greecourt was  
"Send no clothes for women from  
15 to 40, there are none." That may  
indicate that women of those ages  
were removed by the enemy for im-  
moral purposes. After the others  
had been sent east the old, sick and  
little children were driven into a  
nearly town. When they returned  
they found roofless ruins and liter-  
ally nothing else. Not an animal,  
not a wagon, not a tool—every mov-  
able thing had been carted into  
Germany. Not one but had lost their  
main support, in our district before  
the war the people were fairly  
well educated, self-respecting  
farmers; when they were given to  
us in September they were the most  
discouraged dirty lot you can imag-  
ine.

"There are few cases of acute ill-  
ness but most are suffering from  
filth and malnutrition and all the dis-  
eases that accompany them. Literally  
hundreds of children have had to  
have their hair clipped. It would  
make you sick if I told you about  
the rotten sores revealed when the  
hair came off. But if you didn't have  
a well except one filled with manure  
and human filth, if you hadn't seen  
a piece of soap for a year, how long  
could you keep your youngsters  
clean?"

"There are very few babies. Here  
if you ask a woman how many chil-  
dren she has, she will reply, 'Three  
and two avec les Boches'—or what-  
ever the number may be. But these  
children are not going to be prob-  
lems. The country needs the men  
we are going to see that they will  
grow into manhood and womanhood  
which will bring life to dying  
France."

### FOR HOW LONG?

Rhinelanders Raises a Pertinent  
Question

When a neighbor tells us that he  
has recovered from a serious illness,  
the first question that naturally  
arises is, "How long will he keep  
well?" Temporary relief in one  
thing, but a lasting cure is altogether  
different. There is nothing temporary  
about the work of Doan's Kidney  
Pills as the following evidence  
proves beyond a doubt.

Mrs. A. E. Gruebel, 828 Arbutus  
street, Rhinelanders, says: "I used  
Doan's Kidney Pills and found them  
to be just as represented. I was feel-  
ing quite miserable when I began  
using them; suffering from an at-  
tack of kidney disorder and back-  
ache. I sent to Reardon's Drug Store  
and got some Doan's Kidney Pills,  
and after taking them for a short  
time the pains disappeared and I  
felt much better, I felt grateful for  
the benefit I received and heartily  
recommend Doan's."

(Statement given May 31, 1907)...  
On January 21, 1918, Mrs. Gruebel  
said: "I have had no need of a kid-  
ney medicine since I last endorsed  
Doan's Kidney Pills so I consider  
myself cured. I give Doan's the en-  
tire credit and praise them whenever  
I have an opportunity."

### "WHEN OLD WISCONSIN GETS BUSY"

(Tune: Marching Thru Georgia)  
(Composed By George Berdan, Enterprise, Wisconsin)  
Bring the good old bugle, boys,  
We'll sing another song:

How old Wisconsin 'll help to lick  
The Kaiser and his throng.  
When old Wisconsin gets to work  
His time it won't be long,  
When old Wisconsin gets busy.

CHORUS—  
Hurrah! Hurrah! We'll warm the Kaiser's pants,  
Hurrah! Hurrah! we'll kick him out of France.  
When old Wisconsin gets to work,  
The Huns won't have a chance,  
When old Wisconsin gets busy.

The Frenchmen said Wisconsin's true,  
And true she'll ever stand.  
Wisconsin soldiers at the front,  
They fight to beat the band.  
They'll knock the Kaiser from his throne  
And say, won't it be grand.  
When old Wisconsin gets busy!

Wisconsin boys, they always wear  
A broad and happy grin.  
Whenever they get a chance to fight  
Amid the boch's din.  
So when they get a wallop at  
That darn old Kaiser's chin  
He'll find Wisconsin is busy.

And when this war is o'er, Wisconsin boys  
Will homeward come;  
They'll take up hoe and shovel  
And lay down sword and gun.  
And so they'll live their peaceful lives  
'Till another war's begun.  
Then old Wisconsin'll get busy.

CHORUS—  
Hurrah! Hurrah! Wisconsin's always right!  
Hurrah! Hurrah! If in peace or fight.  
And anything she ever does  
She does with all her might;  
When old Wisconsin gets busy.

## Wheat

Wheat is very scarce still, but in order that we may send more flour  
to our Allies most of the meatless days have been cut out, so we can eat  
meat instead of wheat. Some varieties of wheat do not do well in this  
climate, but a number of Oneida county farmers have successfully raised  
wheat year after year.

We plan to have our flour mill in operation be-  
fore fall, so there will be a sure market here

This appeal is not merely to our stockholders, but to every patriotic  
land owner in Oneida county. We have arranged with MR. JUDAY to  
handle all orders for seed at the lowest price obtainable, and we hope to  
secure orders for a carload. Please place your orders at once.

# My Country

I chose this country from all the nations of the world because here my children are free to reap the full fruits of the best that is in them.

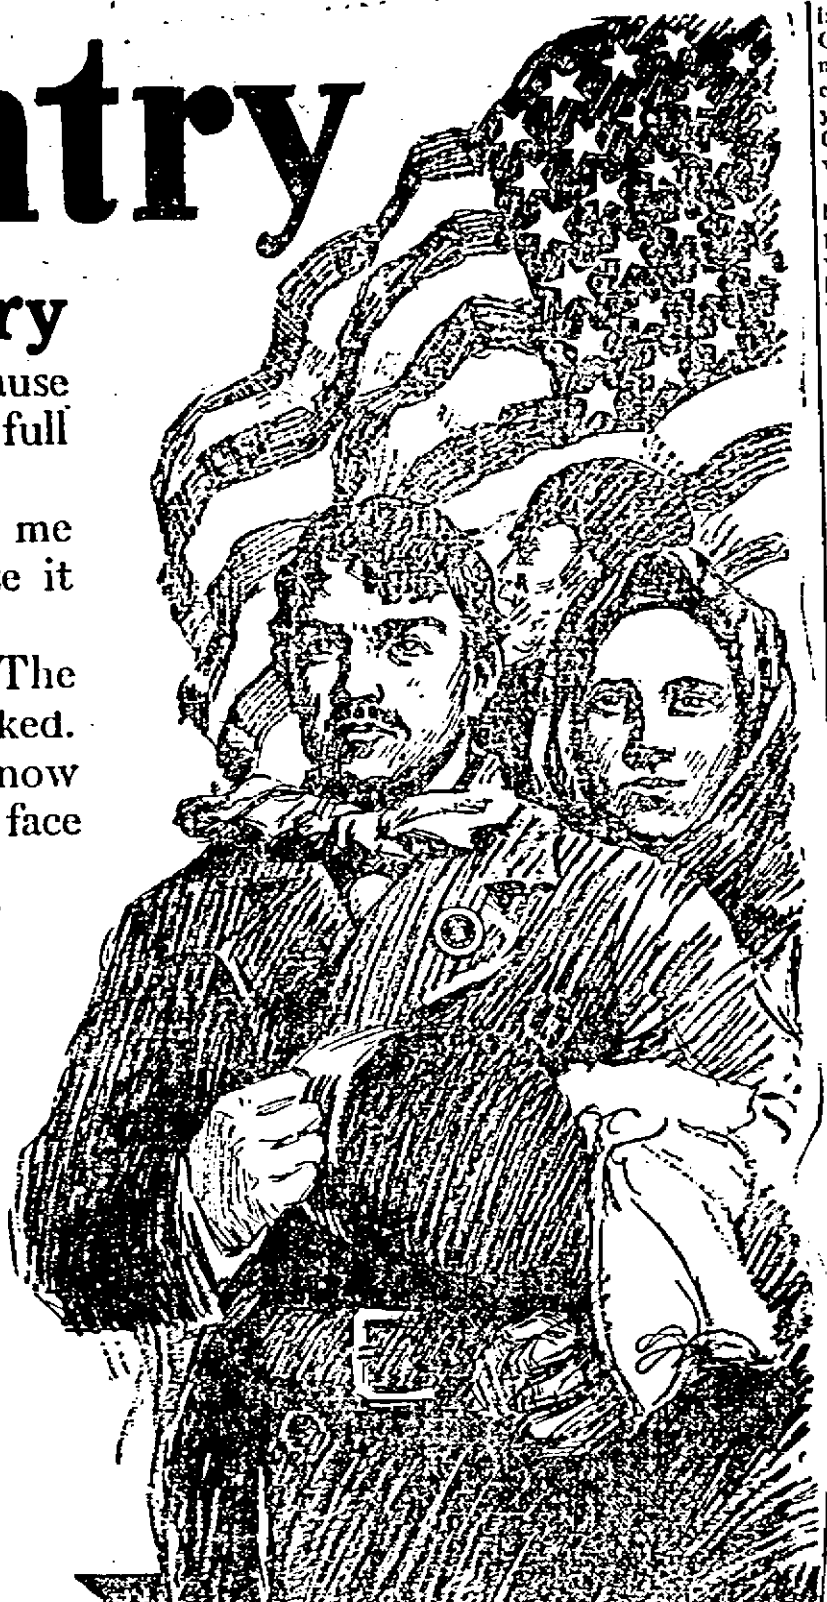

I love this country because it gives me opportunity. I will protect it because it protects me.

My country is now in danger. The rights of my children have been attacked. If I do not stand back of my country now—if its principles are wiped from the face of the earth—where will I go?

What opportunities will I have, if the iron hand of the Kaiser is placed on this land? What will my money be worth, if I am a slave? What right have I to freedom, if I allow them to take my freedom from me now?

My country has offered me a mortgage on every penny's worth of property of every man in this great country. My money is not to be taken from me by force as the Germans would do if they came here. I am simply loaning it to my country.

I am proud to do my part.

### Remembered Diagnosis.

When Sophie was nine years old she was not feeling well and had what she thought a great deal of pain. The doctor was called and he said: "Oh, you're all right; those pains are just growing pains." A few days later a friend of the family called and inquired of Sophie how she was feeling. "Oh," she said, "I am better, but still growing."

(Lee Shipley in Leslie's)

The boys who enlisted are giving their blood  
In battles for mine and me;  
The women and babies are giving their food  
In countries across the sea.  
They suffer privations undreamed in our land  
For the same ideals we hold;  
They make sacrifices we can't understand  
Where in plenty are bread and gold.  
The mothers—the children—the old and unfit—  
Are giving their ALL over there—  
By George!—I don't want to do merely my bit—  
But do my full share—MY SHARE!

It's little enough I can do over here

For the boys who are fighting for me,  
But I'll give "till it hurts," and I'll give with good cheer—  
When it pinches, the prouder I'll be.

Why, the shirt from my back I would joyfully tear—  
Just to feel less accused—less ashamed—

Every time my thoughts turn to the boys over there,  
And the women—the children—and maimed—  
Just to feel I was doing my utmost with grit.

Just to feel that I was playing things square;  
Just to know I was not doing merely my bit—  
But—Thank God!—I was doing MY SHARE.

## 3<sup>RD</sup> Liberty Loan Bonds

"What doth it profit a man, if he gain the whole world and lose his own soul?"

We may raise great crops and we may become enormously rich, but what will our farms be worth if our armies are defeated and our women and children are driven into captivity as the women and children of the farmers of Belgium have been.

Horrible to contemplate—but a possibility.

We must work on the farm to feed our boys "over there." But we must put every bit of the profit we gain from the farm into Third Liberty Loan Bonds that our government may buy our wheat.

It is not a sacrifice, as Uncle Sam returns every bit of the money with interest.

EVERY dollar which is not being used for the necessities of life, to turn the wheels of industry, or to draw interest is an idle dollar.

Idle men and idle money are slackers.

If we are to win the war (and our money will be practically worthless if we should not win it), we must mobilize every ounce of strength. The German nation is mobilized to the last man and to the last dollar. We are the richest nation in the world and we have right on our side, but unless we subscribe to the full measure of our ability, our cause is in danger.

## THE CITY IN BRIEF

Miss Florence Brown has returned to Smith College.

O. A. Kolden transacted business in Wausau Friday.

Mrs. C. E. Merryfield of Brantwood visited friends here the first of the week.

Mr. and Mrs. Peter Bissonette of Goodman visited relatives here this week.

George Dusel is spending the week with relatives and old friends in Portage county.

Mrs. Herman Rand returned home Friday from a three months visit in Detroit, Mich.

Mr. and Mrs. C. A. Spencer of Waupaca are guests of their daughter, Mrs. E. O. Brown.

Mr. and Mrs. Henry Peterson left Monday for Wausau where they will make their future home.

Mrs. John D. Gilligan returned from Antigo Monday where she visited her sister, Mrs. M. H. McCann.

Miss Mary Stevens resumed her studies at the high school Monday after spending her vacation at Monticello.

F. W. Meen, of the Rhinelander Creamery & Produce company, returned Wednesday from a business trip to Duluth.

The Oneida Orchestra made such a hit at the Easter dance at Woodruff that a return engagement has been booked for April 19.

F. W. Schueber of Chicago was in the city Wednesday. His cottage at Meen's lake was destroyed by fire a few days ago and he came up to look over his loss.

Irvin Clorn, who is helping to build ships for the government in Manitowish, made his parents, Mr. and Mrs. John Clorn a visit this week. He is well pleased with his new work.

Allen Anderson of Milwaukee, a former Rhinelander boy, renewed acquaintances here Wednesday. Allen is the son of L. Anderson who at one time was a blacksmith here and later conducted the Lawrence alleys at 116 Stevens Street.

Have you heard "Till the Clouds Roll By", "A Pal Like You", "An Old Fashioned Wife", or "When Its Nesting Time In Flatbush". They are some of the very latest musical hits and will be played by the Oneida Orchestra at Hotel Oneida Sunday evening from six to eight.

The dance at Robbins last Saturday night was well attended, considering the bad weather. About three auto loads were there from Rhinelander and six auto loads from Three Lakes. The next dance will be given Saturday April 29. Ben Hoffman, the manager, says there will be a good time for all. Daner's orchestra has been engaged.

Mr. and Mrs. Charles Dedrick and children left Friday night for West Point, Va., where they will make their future home. For several years Mr. Dedrick has been employed as chemist with the Rhinelander Paper company and will follow this work in West Point at a big advance in salary. During their residence here the family have made a large number of friends who note their departure with regret.

E. O. Brown is in Chicago today. A daughter was born Saturday to Mr. and Mrs. L. Zinda.

J. Weisman is spending the week in the Chicago markets.

A son was born Saturday to Mr. and Mrs. Joseph Skubal Jr.

Miss Myrtle Hanson is again catering to patrons of the Chocolate Shop.

Mrs. Charles Person of Goodman visited friends in Rhinelander Tuesday.

Edward Danner is now acting as the quick delivery man for L. M. Cohen.

Mr. and Mrs. F. R. Cole and family spent Sunday at the R. J. McIntosh home.

Goodman has engaged the Oneida Orchestra for a big high school party at that city April 25.

Mrs. Hughes and daughter Lillian left Tuesday morning for their future home in western Minnesota.

Mrs. F. W. Payne of Anaconda, Mont., departed for her home today after a visit at the Oberklamer home.

Catherine Owens, the six year old daughter of Mr. and Mrs. John A. Owens, is ill with pneumonia at St. Mary's Hospital.

Charles Calkins, assistant postmaster, is a Stevens Point visitor.

Mrs. H. C. Zander is the guest of relatives in Chicago.

The teachers at the first ward school building will entertain at a stag party at Gilligan's hall Friday night. Music by Hazel Crawford and her orchestra.

A card party for the benefit of the Red Cross will be given Saturday afternoon and evening at the home of Mrs. John Pecor 907 W. Phillips street. Admission 25 cents.

Dr. T. B. McIndoe has located at Rhinelander to practice his profession. He has practiced in Wausau for several years with excellent success.—35 years ago Items in Wausau Pilot.

Charles Nelson and son, Melvin, were in the city this week guests of their daughter and sister, Mrs. Harry Slossen. They were on their way from Norrie, Wis., to Spokane, Wash., where they will make their home. For over thirty-five years Mr. Nelson has resided in Norrie, but lately disposed of his farm there and decided to try his fortune in the west where two daughters and one son reside.

Mr. and Mrs. Frank Bryant motored down from Hazellurst today.

Mrs. Anna Edwards of Portland, Ore., and Mrs. Gena Berg of Everett, Wash., are guests of their sister, Mrs. James Robertson, who has been ill for more than a year. The family realize that there is no hope for her recovery and the two sisters have journeyed from the west for a final visit with her.

Mrs. E. A. Lowell and her mother Mrs. Sarah J. Manchester left for New York city Monday night to visit the bachelor brother, Commander J. D. Manchester of the U. S. Navy. Doctor Manchester recently has been assigned as medical inspector on the new super dreadnaught New Mexico, which is now getting her finishing touches for sea duty. The early part of the winter the doctor had charge of the medical work on one of the transports taking our boys across.

Mrs. A. McArthur is spending the week in Minneapolis.

J. N. Means of Wausau was a visitor in this city Saturday.

Mrs. Robert G. Robertson arrived from Stevens Point Tuesday.

Mrs. W. Zumbach left today for a two weeks visit in Appleton.

Ferdinand and Phillip Willette of Sault Ste. Marie, Mich., are in the city visiting their cousin, Ernest Willette, and other relatives.

## TRAINING SCHOOL

Miss Minnie Schofield has not returned yet from her vacation on account of the severe illness of her mother. Mrs. Bada Olson is taking her place in the Model school until her return.

A meeting of the senior class was held Tuesday night to decide upon the class pin.

Friday afternoon the "Theda" of the Training school will give a program including a debate, a patriotic drill and several musical selections.

The Agriculture class was shown a number of slides Wednesday morning, some of which were patriotic while others were "poultriotic."

Estelle Michaelson is confined to her home at Dunbar with the measles.

Tessie Miller has returned to school after an absence of two weeks caused by the death of her father.

## TAKEN TO MAPLE GROVE

Vernon Teal, who violated his parole from state's prison, was taken to Maple Grove yesterday by a parole officer. He will be placed under the state prison foreman of a road construction project. His liberties will be greater than if he were returned to prison but he will be under the prison rules.—Antigo Journal.

Young Teal violated his parole by coming to this city.

## NEW LOYALTY LEGION

A branch of the Loyalty Legion with fifty members was organized at Pelican Lake Saturday night. District Attorney A. J. O'Melia and C. P. Crosby had charge of the organization.

Officers are:  
President—J. J. Whalen.  
Secretary—Isadore Jansen.  
Treasurer—Mrs. J. F. McGinnis.

## WILL MAKE CITY A "SPOTLESS TOWN"

Steps toward making Rhinelander a "Spotless Town" were taken by the city council at the April meeting of that body Tuesday night. It was decided that a clean-up campaign will be needed to put the city in a spick and span condition. Some sections are reported to be in deplorable shape in regard to dirt and untidiness. The board of public works will have supervision of the campaign and a thorough clean-up will be made.

In line with the clean-up work action will also be taken to rid Rhinelander of the large number of worthless dogs. The canine problem is a serious one here and something radical must be done to eliminate it. City Attorney Reeves will give the proposition his consideration and report at the next meeting.

## LIBERTY LOAN RALLY SUCCESS

A good sized crowd was present at the Liberty Loan booster meeting at the Armory Saturday night despite the fact that the weather man did his best to mar the attendance.

Three prominent outside speakers contributed to the program. They were Bishop Weller of Fond du Lac, Rev. Peter Rice, lecturer for the Wisconsin Loyalty Legion, and ex-Senator W. R. Gaylord. Each made a spirited patriotic address, impressing the audience with the gravity of the present situation and appealing to them to be prepared to make every sacrifice to win this conflict.

Mr. Gaylord, brought out the vast contrast in the socialist party of today and that of one year ago, when America entered the war. He denounced Victor Berger and declared that he failed to see how a real socialist could adopt his principles. Mr. Gaylord's speech was of special interest to the laboring people.

Gwin Nettling, son of W. F. Nettling, of Highland View, is the latest Rhinelander boy to enlist in the navy. He departed for Milwaukee today to undergo his examination.

Dr. J. M. Bricker is entertaining his father, John Bricker of Plymouth, Wis. He is one of Sheboygan county's retired farmers.

## TRUMBLE TWINS SCORE BIG HIT

The Trumble Twins, Ella and Emma, scored another big hit, when they presented the operetta, Pandora, in the high school auditorium Wednesday night. The attraction was put on by these popular little entertainers for the benefit of the Red Cross and over \$50 was netted. Emma Trumble appeared as Pandora and the grace and charm with which she took the role was most creditable.

Her sister, Ella, presided at the piano during the operetta and gave marked evidence of her ability.

Little Eugene Kabel, who took the part of Epimetheus, did splendid. Harvey Rodd as Mercury was very good and Eugene Reader as Cupid did nicely. Lydia Reader also deserves special mention for her part. Hayden Matthews and Forest Hiek gave several pleasing musical numbers.

## The Germans on Your Farm

OUR soldiers "over there" are doing everything in their power to hold the Germans back. If they fail what would your farm be worth?

That would depend upon the indemnity the Germans levied upon it. You are fortunate in living so many miles away, for indemnity is as nothing compared to what the Huns have already done to the farms of Belgium, Italy, Roumania, Serbia, Poland and Russia.

Subscribe to the Third Liberty Loan in money as our soldiers are subscribing in blood.

**T**ODAY your boy is reaching out for your hand. He is in a trench in a foreign land 3,000 miles from home. He has said good-bye to all he holds dear and is staking his life for your happiness because he trusts you to stand back of him. He has no money, no food, no guns except as you supply him.

The Government needs more money at once. If this is not subscribed, your boy may be a helpless victim to the barbarous atrocities which the Huns have already inflicted on our brothers.

Your government is offering Bonds of the Third Liberty Loan that your boy may have the sinews of war to make the best fight when he goes out "Over the Top" into No Man's Land and matches his strength against cold steel.

You are not asked to **give** this money. You are asked to **loan** it to the United States of America.

In fact, you are asked to buy a mortgage on the United States, the richest government in the world. These Bonds are Uncle Sam's promises to pay just as the dollar in your pocket is Uncle Sam's promise to pay. The difference between a \$100 bill and a \$100 bond is that while the bill never is worth more than \$100, the bond—because it draws interest—earns an income for its owner.

No matter what you may have invested in the First and Second Liberty Loans, you have a duty in the Third.

Your boy is stretching out his hand. Will you wait for your neighbor to come and tell you of your duty or will you go now to the nearest bank or post office and subscribe your share of the Third Liberty Loan?

Those who buy these bonds wear this liberty bell button. There is honor in being the first to put it on.

Lend him a hand—quick.

### SHELDON FOR CONGRESS

We are informed that the friends of George M. Sheldon of Tomahawk are urging him to become a candidate for Congressman to fill the vacancy caused by Mr. Lenroot's election to the U. S. Senate. Mr. Sheldon is a clear thinker, a clean citizen, a man of mature mind, and we feel would be a good successor to Mr. Lenroot after a little experience in Washington.

The Tomahawk attorney is a loyal man and was a strong supporter of Lenroot in the recent campaign. If Sheldon were in Washington representing this eleventh district, we need have no fear, for he would look after the interests of the country to the best of his ability.

### THE GOOD OLD U. S. A.

J. W. Barron, Battery E, One Hundred Forty-ninth field artillery, a La Grange, Ill., boy, writes to his mother that the boys over there "have all waked up to what the words 'United States of America' mean". A portion of his letter, which was put into print by the Woman's Club of La Grange, is repeated here:

"Gosh, I sure was glad when I heard you received those first letters! You see, we've all been waiting for weeks to hear that our letters had been received.

"There never was a better mail since I've been in service, and I don't think I ever felt so good before over anything. I was especially tickled to hear that you got the boat letter—you liked it, didn't you.

"That batch of letters, mother, made me feel so darned glad that I was over here that I wouldn't have traded my place for anything.

"And let me tell you right here, mother dear, that you or anybody else at home there doesn't know what real patriotism, real love of country is. You haven't any idea. Why, you can't imagine what a great, wonderful, perfect country the old United States is! You can't realize what she stands for and means to the human race until you get over here and get a good perspective.

"Mother, I love her with my whole soul and body. When I am standing

retreat at night and hear 'The Star Spangled Banner' played the first thing that comes to my mind is the statue of liberty; then I think of our wonderful cities, New York, Chicago, San Francisco, then Washington and President Wilson and the wonderful cause that all our millions of Americans are willing to give up everything for, O, mother, we're all lucky merely to have been born Americans."

### MUST FIGHT TO FINISH

President Wilson's war speech in Baltimore on Saturday, proclaiming an end to peace maneuvering and committing the nation to a fight to complete victory over the German power, inspired and thrilled official Washington like a new call to arms. Republicans joined with Democrats in praising the attitude adopted by the president. Senators and representatives who have criticized the executive in the past expressed belief that Mr. Wilson has perceived the insincerity of the Prussian war lords and the dangers of engaging in a peace discussion with Berlin and Vienna initiated by the central powers for the purpose of disorganizing the allies.

The president's expressed determination to employ "force to the utmost, force without stint or limit," to achieve the defeat of Germany, encouraged statesmen, including members of Mr. Wilson's own party, who have not cancelled their anxiety over the backwardness of war preparation.

It was accepted as an earnest that the president intends to put a new driving force into the war which will redeem the record of the administration in the particulars for which it has been criticized in congress by Democrats as well as Republicans.

There is little question but what most loyal Americans now realize that we must fight the central powers to the finish. Their violation of international law, their inhuman treatment of the women and children in the conquered territory, their violation of all pledges after Russia and Roumania laid down their arms make us all aware of what we would come to if we were in their clutches. Are we to rule ourselves or are we to be tyrannized by the military power of Germany?

We now believe they must be brought to their knees or we will be crushed. Surely, every man, woman

and child in this country should do everything to help win this war for the freedom of future generations. Is it Democracy or Autocracy? The united effort of all the people will make it Democracy.

## DISPLAY BOOSTS LIBERTY LOAN

Herbert Goldberg, display manager at Goldstone's store, has contributed his bit toward the success of the Third Liberty Loan drive here by conceiving a Liberty Loan window display, which is both original and attractive.

The display consists of American flags, busts of Washington and Lincoln, a large mounted eagle, the Liberty Loan Honor Flag, such as is awarded to cities, and cards bearing appropriate slogans all cleverly arranged to form a pleasing picture. The window is coming in for a whole lot of attention and should prove a strong factor in promoting the bond sale in this city.

Mr. Goldberg is a decorator of more than the average ability and shows enterprise when it comes to arranging displays in keeping with the times.

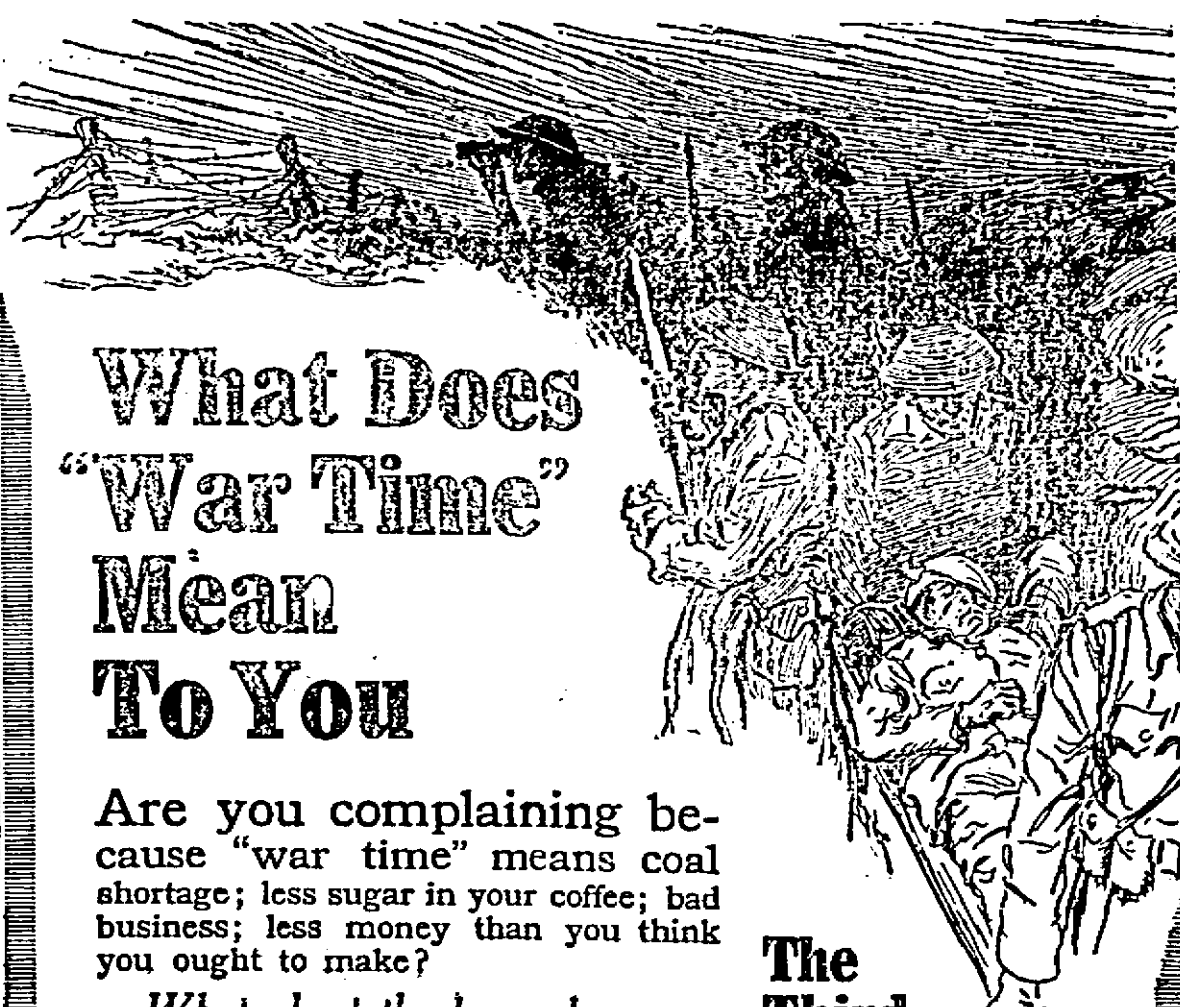

### PAUL GASTON HURT?

In the list of American soldiers slightly wounded in France, which appeared in the Chicago Tribune Wednesday, was the name, Paul Gaston. Whether he is Paul Gaston of this city or some other man of the same name, is a matter of conjecture. In publishing the casualty list, the addresses of the soldiers are not given. Paul Gaston of this city was a member of the sanitary corps.

### HE IS IN AGAIN

Alex Dichau, an old time jail bird who seems to be unable to resist the temptation to appropriate other people's property, is in the county jail awaiting action of the court. Dichau is charged with stealing a small sum of money from a guest at the Arlington lodging house, and is alleged to have relieved a Monticome man of his coin in a similar manner.

Joe Cheslock, "the millionaire kid," now sports an automobile. There is some class to Joe and he is more popular than ever among the young ladies.

## What Does "War Time" Mean To You

Are you complaining because "war time" means coal shortage; less sugar in your coffee; bad business; less money than you think you ought to make?

What about the boys who are fighting for you in France?

For you—a little economy and deprivation. For them the trenches; the pitiless storms of rain and sleet; the ceaseless deafening bombardment of the guns; hunger, cold and fever; wounds and death.

That you may dwell in peace, plenty, and security, they sacrifice everything, give everything, brave everything, and face a nameless grave with a smile and a song.

What are you doing, or giving, or sacrificing for them?

## The Third Liberty Loan

is your opportunity to prove the patriotism that is in your heart and on your lips.

Your opportunity to show yourself worthy of the heroism, the devotion, the self-renunciation of your soldiers and sailors.

Your opportunity to share, in some small degree, the sufferings of those who stand ready to make the supreme sacrifice for you.

All you can do is little enough. You simply lend your money. Do it, and be glad that you can do so much and sorry you can do no more.

## Give Your Little Ones An Interest in the Future

They are your hold on the future, and America is fighting to make their future safe. They are too little to realize this now—but some day must learn to reverence the traditions of America, the ideals of America, the great cause for which the men of their father's day gave their lives.

Be ready then to put in their

hands bonds of their government. They will be for them inspiring evidence that their fathers planned sacrificed and invested for their sons' future. Liberty Bonds will mean more to them than money. They will make them proud of the fathers who in America's day of great need proved themselves true American patriots.
